Exhibitor's Profile

DEPARTMENT OF TOURISM REGION 3 (PHILIPPINES)

Description : ABOUT CENTRAL LUZON

The Philippines is known to be the biggest contributor of health care workers in the world. Filipinos health care workers are known to be hardworking; they have a one-of-a-kind care (malasakit) to their patients and are very proficient in the English language. These are the same reasons why medical tourists also prefer Philippines as their destination for their medical and therapeutic needs. The Philippines is considered to be one of the sought-after medical tourism destinations in Asia.

Central Luzon is one of the leading regions in the Philippines. Only 66 kilometers away from Metro Manila, Central Luzon is the gateway to the Northern Luzon regions, as it is strategically located and accessible by land, sea and air. It covers a total land area of 21,470 square kilometers, and is divided into seven (7) provinces, namely: Aurora, Bataan, Bulacan, Nueva Ecija, Pampanga, Tarlac and Zambales.

Based on the latest inventory, the Central Luzon has a number of DOT-accredited medical and dental institutions with sophisticated state-of-the-art medical equipment and world-class experts that are guided by the health and safety protocols of the Department of Health.

Central Luzon is home to the country's best tourist destinations and a favorite of a lot of foreign travelers.

Product 1

AESTY DUAL HEATER

Aesty generates a strong power by adopting a four-cell batteries and dual heater structure. Most of existing cordless hair straighteners use 1~2 cell batteries which can only be used for thin hair with a maximum temperature of 300F, but Aesty can accurately maintain desired heating temperature while providing fast preheating, by reaching 410F in 48 seconds. This makes it easy to create a variety of stylings from straight hair to curled hair, regardless of the users' hair type.

Product 1

OEM MICRONEEDLE SPOT PATCH (ACNE/DARK SPOT)

Small Lab's microneedle spot patch is made from Hyaluronic Acid with active ingredients such as Salicylic Acid and Niacinamide. Clients have the flexibility of creating their own unique formulation with our R&D as well as choosing various shapes and sizes. After applying the patch for 2~3 hours, all ingredients inside microneedle will dissolve and penetrate into the deeper layer of the skin. This process takes through an over 150 channels of 250µm microneedles. The results are shown immediately after first use.

Product 2

OEM MICRONEEDLE EYE PATCH (WRINKLE)

Small Lab's microneedle eye patch is made from Hyaluronic Acid with active ingredients such as peptide and retinol. Clients have the flexibility of creating their own unique formulation with our R&D as well as choosing various shapes and sizes. Our patented LSCR process allows to create a large sized patches which can focus on specific areas in need.

After applying the patch for 2~3 hours, all ingredients inside microneedle will dissolve and penetrate into the deeper layer of the skin. This process takes through an over 1300 channels of 250µm microneedles. The results are shown immediately after first use.

Product 3

OEM MICRONEEDLE FACE ROLLER

As a roller mounted on the surface of the microneedle, active ingredients mounted in the microneedle penetrate the stratum corneum and pass through the epidermis in the process of rolling it on the skin. There are more than 3,000 soluble HA microneedles in the roller head. There are ingredients that are effective in reducing wrinkles, and the roller head can be easily replaced after use.

Product 1

KENNER PURE BIOME™ OIL CONTAINED FOAM CLEANSER [90ML X 2EA]

A hypoallergenic, weakly acidic like foam cleanser containing 10,000ppm microbiome [kenner pure biome™] and natural oil

It is a hypoallergenic, weakly acidic daily cleanser with a watery gel-like formulation containing kenner pure biome™ and natural oil, made by combining the advantages of cleansing oil, cleansing cream, cleansing water, and cleansing foam.

It removes makeup and waste while exfoliating and cleansing pores at the same time without irritation, and keeps the skin hydrated without making the skin feel tight even after cleansing.

Product 3

KENNER PURE BIOME™ CALMING SERUM [50ML]

A soothing serum formulated with 10,000ppm of microbiome [kenner pure biome™], Centella Asiatica Extract, and LHA, a next generation's weakly acidic substance used for pore care.

A moisturizing and soothing serum formulated with kenner pure biome™ and LHA, a weakly acidic substance that helps pore care and controls sebum. It also quickly restores damaged skin and makes smooth and moist skin texture

Product 2

KENNER PURE BIOME™ CALMING TONER PAD

A 100% hypoallergenic pure cotton pad formulated with 10,000ppm of microbiome [kenner pure biome™] and LHA +PHA, hypoallergenic substances that help smoothen the skin

A 100% hypoallergenic pure cotton pad formulated with kenner pure biome™ and LHA+PHA, which are used for exfoliating skin. It gently and mildly smoothenes rough and sensitive skin and locks in moisture to keep the skin surface and pores nice and smooth

VEGAN-certified 100% hypoallergenic pure cotton pad

Product 4

KENNER PURE BIOME™ AQUA CREAM [60ML]

An aqua cream containing 10,000ppm of microbiome [kenner pure biome™] and low molecular marine collagen.

Formulated with kenner pure biome™ and low molecular marine collagen of which 90% or more is absorbed into the skin, this revitalizing aqua cream restores the elasticity of sensitive and damaged skin while hydrating it and leaving a non-greasy, yet moist finish.
